Do you run a business with sales of between £200,000 and £1m?

Have you got what it takes to grow your business profitably to the next level?

Passion:

Are you passionate about what you do and vision to grow your business despite what economic commentators say?

Commitment:

Are you committed to maximising your net profits?

Open-minded:

Are you open-minded to change and innovation to leave your competitors behind?

Ambitious:

Are you ambitious, driven and enthusiastic about the possibility of growing your business?

Market Leader:

Would you like your company to be a leader in its sector or industry, locally, regionally, nationally or globally?

Improved Performance:

Are you committed to implementing new strategies into your business to improve its performance?

Select Peer Group:

Would you value being part of a select peer group of likeminded people?

Next level:

Do you realise that it is what you don't know which will take you to the next level in your business?

Example of Client Results:

- An increase in profit of £6,500 per month after 6 months of being in the academy
- Doubled sales in the third quarter of being in the academy compared to the second quarter.
- Secured an £85,000 contract from implementing a new marketing strategy which cost £200.00.
- Increase his prices by 275% which led to increasing sales in the first five months by 55%
- One client exasperated he got a return on his month's investment in the 1st hour of the 1st session.

If you are at all sceptical.... that is perfectly normal because so are we and it the reason why we don't allow just anyone into The Entrepreneur's Academy.
