Why do some Entrepreneurs get rich, others fail and many business owners find it difficult to make a profit?

All around us people are living in fear of the economic future. Many businesses are focused on cost cutting and survival. Have growing your business and making a profit become dirty words and unrealistic goals?

Are we missing out on a great opportunity to grow our business and develop wealth for ourselves or is this madness to contemplate? But in a few years time there will be entrepreneurs who have made it big and many saying 'I wish I'd had a go'?

Whether your business has sales of £25m per annum or is still in its early stages of development what is your choice?

This seminar is especially designed for Business Owners, Managing Directors, Entrepreneurs and Chief Executives who are motivated to move their businesses forward by helping you to understand the critical factors which will increase your profit, develop your people and grow your sales.

You may be able to identify with some of the following?

- You understand what you want to do and how to do it but something is holding you back? What is it?
- Are your customers beating you down on price because your business looks the same as your competitors?
- Do you find good people so hard to find and retain?
- Are you continually looking for a 'niche' business to make a profit? But are you unknowingly running one?
- Does your business feel like driving a double decker bus with all the tyres let down?
- What is the difference between an entrepreneur and a business owner? Does that matter?

This seminar has been put together from years of experience of growing businesses and working with Business Owners who wish to achieve a return on all the years of blood, sweat and tears of growing their own business.

Book a place by the 15th May and you will get the opportunity to 'measure your business' on line at measureyourbusiness.com and get **FREE bespoke report on how to improve your business worth £45.00!**

All delegates will also benefit from a **FREE design and marketing audit worth £140 from Hunter Bevan, if taken within 3 months of the seminar!**
